

## TOPICS OF INTEREST

include, but are not limited to:

- Autonomous vehicles, vessels and aircrafts
- Cartography and electronic charts
- Civil engineering
- Environmental engineering
- Geodesy
- Geodetic monitoring
- Geoinformatics and data models
- GIS applications
- Gravity field
- Maritime and costal research
- Photogrammetry
- Remote sensing
- Satellite navigation
- Smart city and Building Information Modeling
- Space technologies in geodesy and engineering
- Spatial planning and cadastre and urban development
- Surveying Engineering
- Transport Engineering

## GENERAL INFORMATION For Authors

Authors are invited to submit their research work as posters or papers prepared in English. Submission implies willingness to register at the conference, pay the registration fee and present the paper in person or during virtual or poster session. Sessions for Virtual Authors will be proceeded on video conference and scheduled in conference programme.

Papers will be included in the conference proceedings only if they pass the review process and if at least one Author will register and pay the registration. Within each registration the Author can submit two papers. One Author can be an author or co - author of maximum two articles. Conference proceedings will be published in digital form after the paper presentation (oral, poster or virtual) and will be send to indexation in IEEE Xplore data base as well as ISI Web of Science and Scopus databases.

All materials must be submitted electronically and prepared according to templates (see webpage). All materials will be available in electronic form.

## ABSTRACTS

The Authors will be informed about the acceptance of abstracts in two weeks after the submission. The decision about the form of presentation and final allocation to sessions will be based on the outcome of the review process.

Abstracts for review must clearly state:

- The purpose of the work;
- The manner and degree to which it advances the art;
- Specific new results that have been obtained and their significance.

Up to five main references may be added. All abstracts will be published in Achieves of Geomatics 2017 and circulated during the conference.

## PAPERS

Authors are kindly asked to prepare papers according to IEEE paper template and send them with IEEE CrossCheck report and signed IEEE Copyright Form for the review process.

Notification of papers' acceptance will be sent in two weeks since the submission. Each paper should be presented at the conference either as a poster or a presentation.

The recommended length of papers is 5 pages, including all figures, tables, and at least 8 references. Extra pages over 5 and up to a maximum total of 8 pages will be extra charged.

## POSTERS AND PRESENTATIONS

Posters and presentations should be prepared in English according to conference templates. The paper is to be presented virtually or orally in English or Polish.

## Baltic Geodetic Congress

22<sup>nd</sup> - 25<sup>th</sup> June 2017

**Gdansk University of Technology**  
Gdańsk, Poland

We are pleased to invite You to the Second Baltic Geodetic Congress dedicated to Geodesy, Geomatics and Civil and Environmental Engineering, which will take place at the Gdańsk University of Technology, Poland, on the 22<sup>nd</sup> - 25<sup>th</sup> of June 2017.

BGC is organized by the Gdansk University of Technology and the University of Warmia and Mazury in Olsztyn.

As part of the **Baltic Geodetic Congress** there will be a series of events:

- **International Scientific and Technical Conference Geomatics 2017,**
- **Conference of the Satellite Geodesy Section of the Committee for Space and Satellite Research, Polish Academy of Sciences**

The mission of BGC2017 is to provide a highly acclaimed conference forum for researchers to contribute their research results.

## TECHNICAL CO-SPONSORSHIP

## OFFER FOR COMPANIES

As part of the Baltic Geodetic Congress organizers invite companies to promote their business. They will be shared among others: promotional sessions, information stands, advertising boards, participation in the exhibitions and organization of workshops and demonstrations.

At the request of individual companies it is possible to determine the scope of promotion. The organizers also invite to sponsor the Congress and its events.

## CALL FOR SPONSORS

There are a wide variety of sponsorship from industries, businesses, and government agencies and branding opportunities at Baltic Geodetic Congress and Geomatics 2017 to suit all potential sponsors, large and small ones. We invite you to be a Sponsor of Congress.
